99s International Conference

Philadelphia, PA July 4-8, 2018

Governor's Notes

It was a pleasure to participate in this year's International Conference. As my ENE roommate, Sue Lin could not attend at last moment, I found another 99: Mary Fairbanks from CA. This is one of the chance and fun ways to meet other 99s from different regions. Mary was this year's recipient of an AE Scholarship, a FBO owner, Car rental agent & King Air pilot. 99s conference activities offered a dinner cruise on the Delaware River on July 4th, ending with fireworks; museum visits: city & garden tours, and a fly up the Hudson River under NYC's class B airspace (unfortunately weather did not permit)

Governors, past & present, were treated to a reception at the famous Union League of Philadelphia, founded in 1862 by Abraham Lincoln to support the Union. Since that time, it has hosted Dignitaries from around the world...and now the 99s Governors.

Seminars included tips on AEMSF applications, brainstorming on ways to recruit, retain and inspire members, flying to the Bahamas, Self Fly Safaris in South Africa and many more. There was the First annual 99s Career Expo with speakers & exhibits from airlines, the military and marketing fields.

We were treated to a preview of the Musical – "Sweetwater" with two women reenacting the times of the WASPs with stories, slides & song. Also with much creative flair, the rules & regulations were presented on screen with minions playing the parts. Hysterical! The Awards Banquet honors past and present scholarship winners, the new Fly Now Recipients, and others who have contributed significantly to the 99s.

Traditionally at the end of the evening, a skit is performed for next year's conference. The Wright Brothers staged for us an invitation. Do join us in Dayton Ohio – "The Wright Place to be in 2019!

Blue Skies,

Margot Cheel, New England Governor

Governor into ... Glider Flight, Sugarbush VT

Alexandra Pagoni writes: "I spent last week in North Florida at Patty Wagstaff's Aerobatic School at St. Augustine Airport (KSGU). It was an awesome experience and I learned a lot. I reached out to the 99s listserve, asking for some places to rent a plane. One recommendation brought me to a school across the air field at SGU. After getting checked out, I had the opportunity to take my parents flying and it was the first time I had taken my mom out! Then next week, I am heading down to Enid, Oklahoma to begin training on the T-6A and will be there for the next year.

Lt – **Peggy Loeffler** became DPE, **Emily Rose Lukowski** a private pilot, **Constance Castillo** CFI- all women making it happen in the sequence! And all Ct. Chapter 99s!
